

Hello Anglers,

A great 2014 season is now behind us. Thanks to everyone who helped to make it a memorable season. Membership, board members, and sponsors, including Triton/Mercury and the alliance program, Skeeter/Yamaha and Towne Marine, Nationwide Insurance, and the Erie Sports Commission, as well as all our supporting sponsors. Without you, we would not be able to provide PA B.A.S.S. Nation the opportunities they have.

As we move forward to another 2015 season, I wanted to mention a few key points.

Sponsorship

As our state tournaments have become more professionally run and fan friendly, many potential supporting sponsors have begun to take notice. Sponsorship packages start as low as \$200. Please contact Dave Kreutzer or myself if you know of any organizations who are interested in being a part of PA B.A.S.S. Nation.

Central District

There will be central district tournaments this year. Please support the central district and fish their events. It is one more way to qualify for our championship. Keep in mind that members can fish in as many district tournaments as they wish. Members are welcome to fish districts other than their own, and are still eligible to qualify from each district they fish.

Website

Derek Severns has been hard at work, rolling out our new website. The new website comes with professional support. A big thanks to Derek for the huge investment of time that he puts in to his position as web director. Members may now sign up for state tournaments and district tournaments online using a credit card. This year's rosters include a place to add email addresses for your club members. Please include these addresses so that we may update you with the latest information from PABN.

Thank you to all the board members who give up their time. Their dedication to PABN is unwavering. Remember that the officers aren't compensated for these positions, and every one of them has gone above and beyond to continue to make PABN the most professionally run organization as possible.

Best Regards,

Ben Bilott
